

# The Dark History Of The Rockefellers And Their Impact On Humanity

written by GEG | March 22, 2017

James Corbett's mini-documentary, *How Big Oil Conquered The World*, reviews the history of JD Rockefeller and his family, including David Rockefeller. JD's credo was that "competition is a sin", and this documentary shows how the destruction of competition actually was accomplished – not just in the oil industry – but everywhere Rockefeller money was invested. That includes education, health care, banking, and even the food supply. The goal is to monopolize everything, including life itself. -GEG
