

Sweden to Prosecute Woman for Reporting on Facebook that Migrants Torched Cars and Defecated in the Streets

written by GEG | May 14, 2017

Sweden is prosecuting a 70-year-old woman reported on Facebook that migrants were burning cars and defecating in the streets, and she faces 4 years in jail. The government claims that this was a disparaging view of migrants and, therefore, it violated Sweden's law on incitement to racial hatred. The woman does not deny writing the post but challenges the law by denying that telling the truth is a criminal act.

Hackers Use Ransomware, Created by the NSA , to Infect Computers in Nearly 100 Countries

written by GEG | May 14, 2017

Hackers have been able to infect tens of thousands of computers in more than 100 countries using software developed by the NSA. Wikileaks exposed this problem last month by publishing the software manuals to prove that the threat is real. This reporter anticipates that the CIA and the press will attempt to blame Wikileaks and Trump supporters for the problem.

Tim Allen's TV Sitcom Cancelled After He Said Being a Conservative in Hollywood Was Like Living in Nazi Germany

written by GEG | May 14, 2017

Tim Allen starred as a positive conservative character in the ABC sitcom, Last Man Standing, which was cancelled despite high ratings. The cancellation comes two months after he made a comment on a talk show comparing living as a conservative in Hollywood to Nazi Germany.

Black Student Group at UC Santa Cruz Threatens Takeover

written by GEG | May 14, 2017

The African/ Black Student Alliance (A/BSA) physically occupied a building on the UC Santa Cruz campus and was granted all of its demands, which includes mandatory 'diversity training' for all incoming students. Now they are threatening more civil disruption if their new demands are not met.

Mike Adams Reports the Boston Herald to the FBI for Recommending That Those who Oppose Vaccines Should Be Executed by Hanging

written by GEG | May 14, 2017

Mike Adams, the owner of the Natural News website, is filing a complaint with the Boston FBI against the Boston Herald for publishing a violence-inciting editorial attributed to the Boston Herald. The editorial claims that vaccines don't cause autism and that it

ought to be a “hanging offense” for anyone who opposes this conventional theory.
