

# Discrepancies in Reports of the Texas Church Shooting Narrative Raise Questions

written by GEG | November 10, 2017

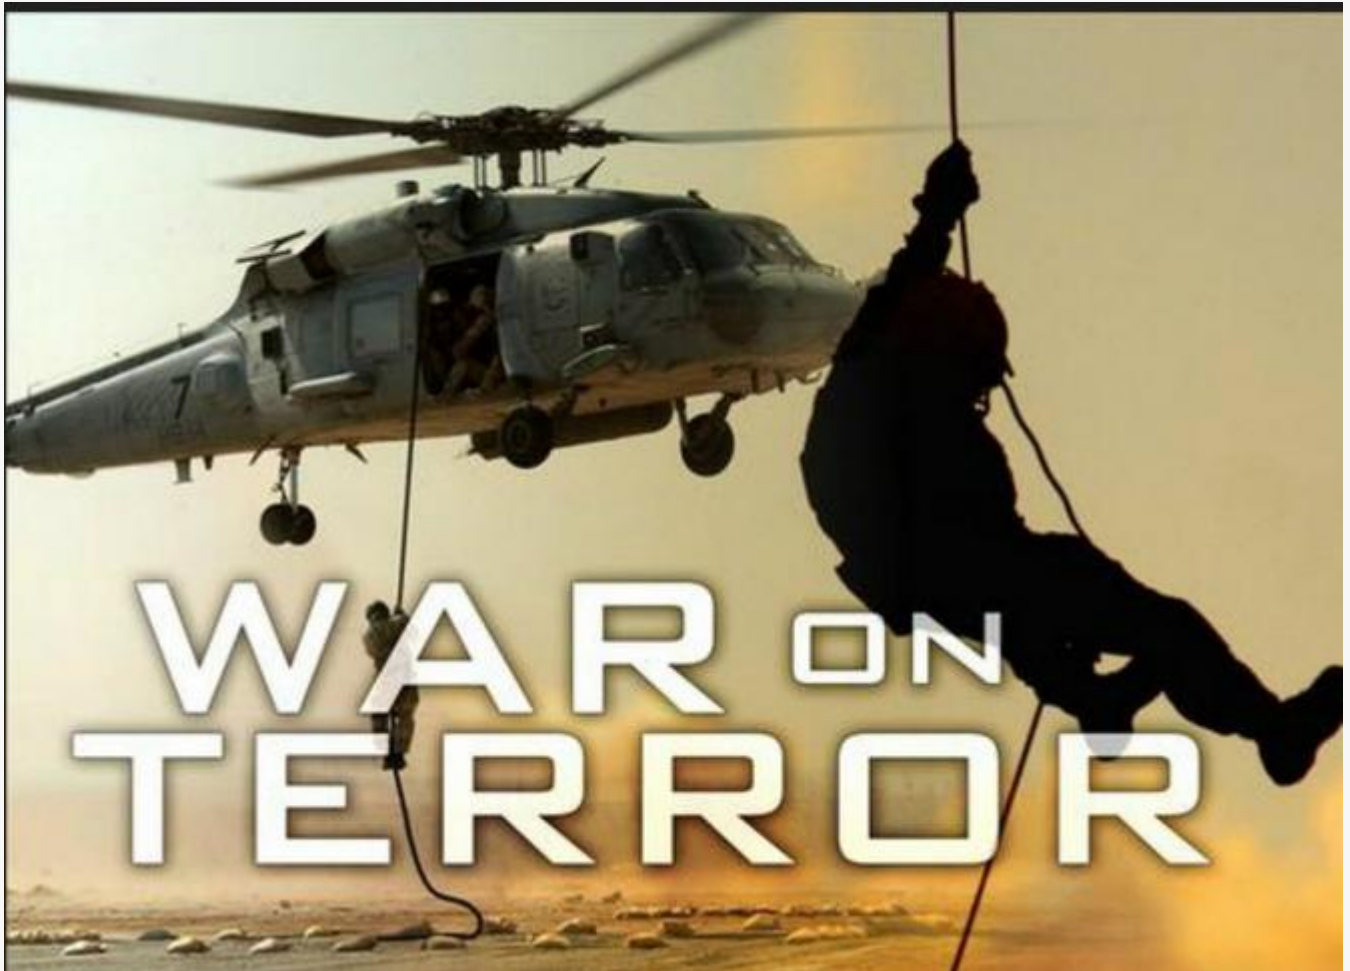

Evidence has surfaced that does not match the official narrative of the church shooting. A witness says the shooter was on the rooftop for part of the attack; the sheriff says the church service was recorded, then says “very little” was caught on tape; three British news sources report that the shooter took a hostage on the high-speed chase.
