

The Saudi Purge Is Far More Important Than It Seems. Here's Why.

written by GEG | November 20, 2017

James Corbett reveals a larger picture behind the Saudi Purge, and the shifting balance of global political and economic power. The details are fascinating and profound-fascinating because of the hidden forces that are exposed- and profound because they allow us to see into the near future in which the US Petro-Dollar may be replaced by the Chinese "Petro-Yuan" – and this could lead to a real world war for global dominance.
