

# The Clinton Foundation Is Used to Fund Grand Scale Fraud Across the World

written by GEG | November 22, 2017

Charles Ortell, a financial expert who has investigated the Clinton Foundation, says the Bill and Melinda Gates Foundation gave \$154 million to the Clinton Foundation in more than 50 separate grants. The Foundation has never properly filed a tax return and is operating illegally. Hillary used Foundation money to take over the Democratic party before she announced her bid for the presidency— and the Clintons used the FBI to get information to use against their enemies. Ortell says their business model is: de-fang the regulator, hire a crooked accounting firm, threaten your enemies, and reward your friends. -GEG
