

Former Secret Service Agent Dan Bongino Threatens to Expose Clinton Crimes

Dan Bongino, a former Secret Service agent and Fox News host, got into a Twitter feud with Nick Merrill, and he said that Hillary Clinton is fighting for relevance to maintain her political clout in order to keep her crimes buried. Bongino threatened to spill the beans on Bill Clinton's 26 trips to 'Orgy Island' with convicted pedophile Jeffrey Epstein. This video explores what Bongino may be able to prove. If so, his life may be in peril because the Clinton body count reportedly includes 12 former bodyguards who died during or after their service with the Clintons. -GEG
