written by GEG | January 31, 2018

Planned Parenthood is expanding its business model by offering transgender hormone-replacement drugs to minors, even though the majority of children who think they are transgender grow out of it when they reach puberty. Planned Parenthood received \$544-million in taxpayer money from 2016 to 2017, which was used to cover the cost of 321,384 abortions. The organization spent \$15-million of that tax-funding as donations to elect Democrats to office.

written by GEG | January 31, 2018

A Canadian chain of ice cream shops called 'Sweet Jesus' mocks Christianity and

fetishizes children in advertisements and decor. Its logo features an inverted cross and a stylized S used in Satanic symbolism. The same people who support these stores would protest bitterly if they ridiculed any other religion. [For example, Canada has a law against Islamophobia but not Christianophobia.]

MacAuley contacted Murphy's employer and claimed that he was a white supremacist, even though he opposes the alt-right and has never given any reason for the charge of racism. The Democrat-turned-Trump supporter says he is going to take legal action against MacAuley, "not just to defend myself, but for the movement."

Fox News reports that McCabe is named in the memo. Democrats lost their fight to prevent the memo from being exposed to the public.

Australian Aboriginals And Supporters Publicly Display Hatred of Australia

written by GEG | January 31, 2018

Melbourne: Thousands of Aboriginal activists and other supporters of multiculturalism flooded the streets to protest against 'Invasion Day', carrying placards and shouting vulgar slogans. [Another classic example of globalists behind the scenes using the tactic of divide-and-conquer to destroy cultural unity in developed nations so they can be more easily controlled by a global government.]

Short Course on Communist Takeover of the United States

written by GEG | January 31, 2018

This is a recently discovered excerpt from G. Edward Griffin's 1984 interview with KGB defector, Yuri Bezmenov, who explains the four stages of communist strategy for taking over the U.S. from within. It is sobering to realize that stage three is almost complete. Stage Four is martial law from which there is no escape. Americans are running

out of time to take the Red Pill.

CNN Recommends Cuckholding. What's That?

written by GEG | January 31, 2018

CNN is encouraging couples to engage in deviant sex through 'cuckolding', which is a relationship in which one person enjoys watching his spouse engage in sex with someone else. [All collectivist regimes seek to destroy the family because it is an alternative to dependence on the state. If cuckholding can be popularized and made to seem 'normal' by a major TV network, what chance does the family have?]

written by GEG | January 31, 2018

The White House requested a Vincent Van Gogh from the Guggenheim Museum for the president and first lady. Instead, curator Nancy Spector offered an 18-karat gold toilet that has been touted as anti-Trump art. This was correctly interpreted as great disrespect for President Trump and the people who voted for him. The golden toilet, satirically called "America," was displayed in a public restroom at the Guggenheim for a year.

written by GEG | January 31, 2018

The California legislature is considering passing a law that would punish waiters (or their employers) with a \$1,000 fine and up to a six-month prison sentence if they give a customer a plastic straw without a request for one. [These collectivists have got to be removed from office before they imprison everybody. Come to think of it, that's really what they want, isn't it.]
