

President Trump Says He Wants to Unite America “Without a Major Event”

written by GEG | February 2, 2018

Trump said: “I would love to be able to bring back our country into a great form of unity,” Then he added: “Without a major event where people pull together, that’s hard to do. But I would like to do it without that major event, because usually that major event is not a good thing.” He is referring to an event like Pearl Harbor or 9/11. One can only wonder if the President has been briefed on the possibility of another Pearl Harbor or 9/11 with the result that he would have no choice, as the nation’s leader, but to establish the kind of unity that comes with public fear and martial law. Now we know that this possibility is on his mind.

Investigation of Sex Abuse at Michigan State University Leads to Discovery That, Among American Elitists, Pedophilia Is Systemic

written by GEG | February 2, 2018

The gymnastics pedophile scandal at Michigan State University is similar to the Jerry Sandusky pedophile scandal at Penn State, as the systemic problem in schools is covered up and protected by the institutions. This report makes the case that the sordid history of sex abuse and cover up by top officials in sports, entertainment, and politics are not merely occasional events involving a small number of people, but now are systemic among the elite class in many walks of life. Those who seek influence over national and international leaders operate pedophilia rings in high places mainly as recruiting pools from which to select new leaders who can be blackmailed into obedience.

However, the Las Vegas Metropolitan Police Department's preliminary investigative report includes a description of the autopsy performed on Stephen Paddock. According to the police report, the body examined was 6'1" and had brown eyes, Stephen Paddock, however, was 6'4" with blue eyes. The FBI has removed all of Paddock's records from the hospital near his home in Mesquite, Nevada. [The stench of a cover up is strong, indeed.]

Most Offenses Against Jews in Germany Are Committed by Muslims – But Authorities Blame Right-Wingers

written by GEG | February 2, 2018

Germany: Federal crime reports and statistics attributed 93% of anti-Semitic offenses in the first half of 2017 to right-wing extremists. However, these numbers are fictional, because the right is blamed by default when the perpetrator is unknown. When Jews were polled, 8% said relatives or acquaintances had been the target of physical attacks over the past year. Another 36% were abused or insulted. Furthermore, 81% of the attacks and 62% of the insults came from Muslims.
