

# Kanye West Wears MAGA Hat, Criticizes Obama for Failing to Stop Violence in Chicago

written by GEG | April 26, 2018

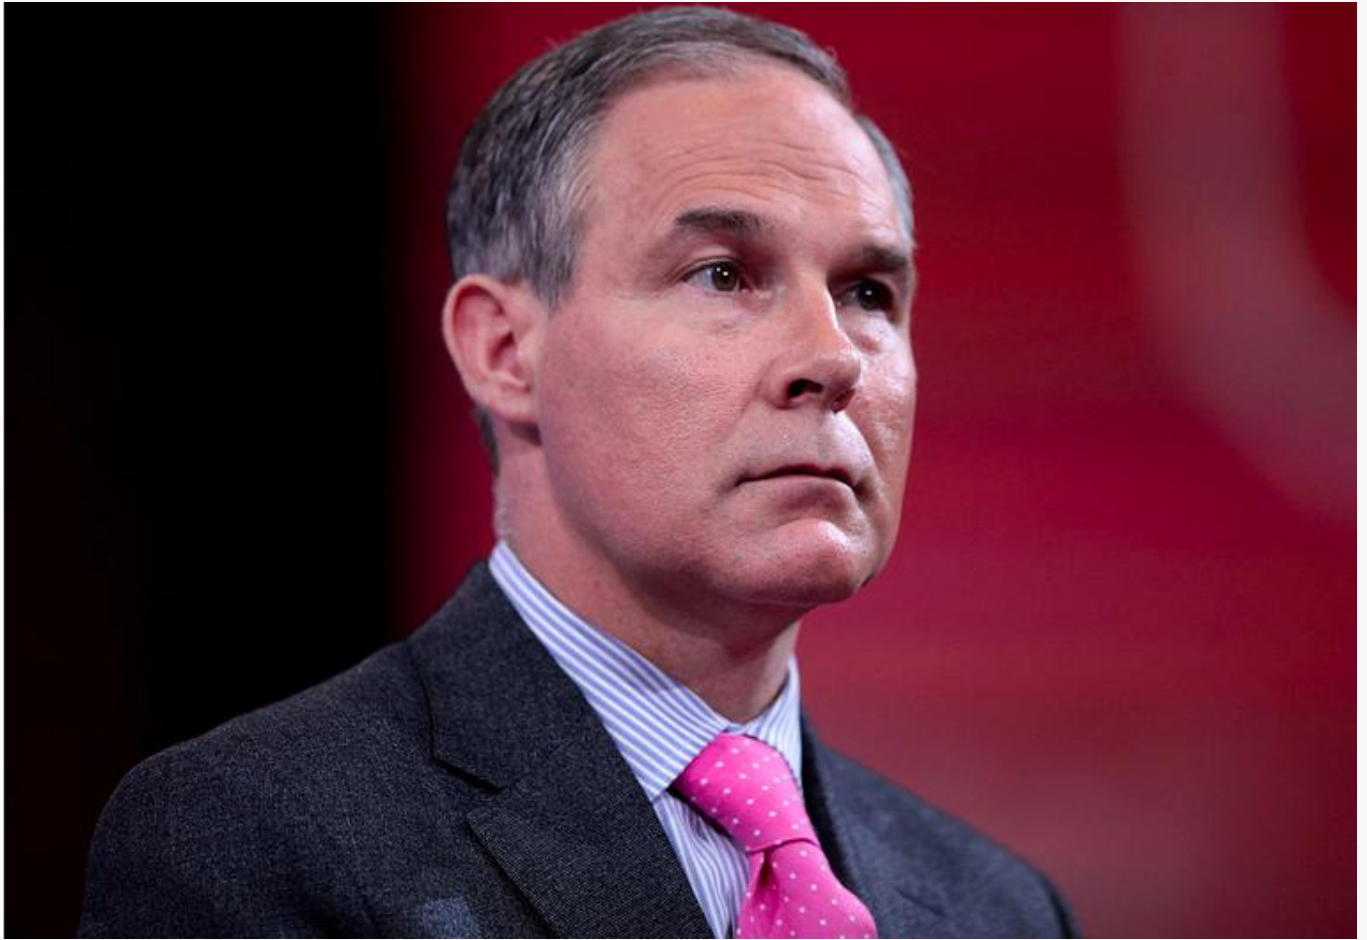

Kanye West doubled down on leaving the 'Democrat Plantation' by tweeting a photo of himself in a MAGA hat and wrote that, while he doesn't agree with everything Trump or anyone else does, the mob can't make him not love Trump. Then he sent out a message, "Obama was in office for eight years and nothing in Chicago changed," criticizing him for failing to stop the violence. Kanye is facing a firestorm because Democrats fear the loss of the black voting block that would be devastating to the party.

## US: 'Secret Science' at the EPA Is Coming to An End

written by GEG | April 26, 2018

Scott Pruitt, the head of the EPA, is shaking up the agency by repealing Obama-era regulations that stifled development. He has proposed a rule to prevent the agency from relying on scientific studies that don't publish the underlying data. "Americans deserve to assess the legitimacy of the science underpinning EPA decisions that may impact their lives," Pruitt said. This rule would be a preemptive strike against further global-warming regulations that are based in junk science without real data behind it.

## Koch Brothers Push for DACA Amnesty, Threaten Funding of GOP Hold-Outs

written by GEG | April 26, 2018

The Koch Brothers and their organizations, including Americans for Prosperity, are generally thought to be conservative, but they are advocate for mass immigration and amnesty. A Koch organization representative threatened Republicans with a reduction in campaign donations when he said that the Koch networks will “closely evaluate” their contributions to GOP midterm races if DACA amnesty is not passed.

## Google Can Swing Nearly 80% of Undecided Voters By Manipulating Its Search Engines

written by GEG | April 26, 2018

Google can shift the opinions of undecided voters by as much as 43% by inserting negative suggestions under the name of a candidate, according to a new study from the American Institute for Behavioral Research and Technology. Earlier research showed that the manipulation of results pages in search engines can shift the voting preferences of undecideds by anywhere between 20% and 80%, depending on the demographic.

## Department of Health Acknowledges Death Caused by Gardasil Vaccine

written by GEG | April 26, 2018

Vaccine Court denied a family's death claim against Gardasil HPV vaccine, as the court maintained that the deceased woman's arrhythmia could have been preexisting, despite medical records showing onset after the vaccine. They took the case to the Department of Health that instructed the Vaccine Court to compensate the family. This case shows that the Gardasil vaccine can cause death. To date, 271 people have died from reactions to Gardasil, yet mainstream media is silent.

## Rapper Kanye West Complimented Conservative Candace Owen's Politics on Twitter

written by GEG | April 26, 2018

Candace Owen responded to Black Lives Matter protesters by saying that some black people in America focus on slavery, which is in the past, and is a victim mentality, while other black people who focus on their future are more successful and have a victor mentality. Kanye tweeted, "I love the way Candace Owens thinks." Cartoonist Scott Adams said that Kanye's tweet ripped a hole in reality by making it acceptable to break out of old thought patterns that are a mental prison.

# Bill Gates Funds EarthNow Satellite Video to Surveil Every Corner of the Globe

written by GEG | April 26, 2018

EarthNow is producing a network of satellites, funded by Bill Gates, that can spy-cam every corner of the globe from space. They claim their purpose is to help “smart cities” become more efficient, assisting (mainstream) media in “telling stories”, illegal fishing crime watch, helping humanity understand its impact on the planet and more. Initially, governments and enterprise customers will have access. [What could possibly go wrong with real-time monitoring of everything by governments and other power brokers?]

# Tennessee: Shooter Killed Four People in a Waffle House Restaurant

written by GEG | April 26, 2018

Travis Reinking, 29, was arrested for shooting and killing four people with an AR-15 style rifle at a Waffle House restaurant in the early morning hours on Sunday. Reinking was mentally unstable, stole a BMW from a dealership days before the shooting and was

arrested last year by the Secret Service for trying to access a restricted area at the White House. After that, his firearms authorization was revoked at the request of the FBI, and four weapons were seized, including the AR-15 that was used in the shooting.

## UK: 67-Year Old Man Sentenced to 8-Months for Having a Laser Jammer and Flipping Off Police

written by GEG | April 26, 2018

The judge said that the man's actions "strike at the heart" of the justice system and his sentence must act as a deterrent. The attack on the man's free speech is a warning to others who dare to criticize the government and authorities. Law enforcement and the justice system have set a double-standard that divides people and stokes hatred.

## Pop Star and CIA Team Up to Help Cope with

# Alien Invasion from Outer Space

written by GEG | April 26, 2018

UFOs are used by the government to write off secret black budget technology and experimentation. Tom DeLonge, guitarist of the pop band Blink 182, is seeking to expose a vast government coverup of UFOs and calls them an “advanced aerial threat”. DeLonge quit his band and quickly raised \$2.5 million to create his To the Stars Academy of Arts & Science that is staffed with high level former military and intelligence agents, including Jim Semivan, former CIA and Dr. Hal Puthoff, a leader in CIA operation Stargate that replaced MK Ultra.

## Italy: Doctors Who Found Metals and Nanoparticles in Vaccines Had Lab Raided by Police

written by GEG | April 26, 2018

Dr. Gatti and Dr. Montanari study diseases that include cancer, heart disease and neurological problems that are caused by nano-particles created from processes that involve high temperature such as manufacturing, waste incineration and car exhaust. Most nano-particles are expelled by the body when inhaled and consumed, but when injected by way of a vaccine, they are able to stay in the body and cause disease. The couple performed a study and found nano-particles polluted all of the 44 vaccines that they tested.

## Company Owned by Trump's Son-In-Law Faces Federal Grand Jury Subpoena

written by GEG | April 26, 2018

New York: Federal prosecutors approved subpoenas to Kushner Companies based on a report by AP that found the real estate company repeatedly filed forms with the New York City Department of Buildings claiming they owned no rent-controlled apartment units while actually possessing hundreds of such units. The false filings allowed Kushner Companies to raise rents and, in turn, sell those buildings at a great profit two years later.
