

# Evidence Mounts That The FBI Placed a 'Mole' in the Trump Campaign To Create An Excuse For An Investigation

written by GEG | May 17, 2018

More evidence is surfacing in the Mueller investigation of Donald Trump showing that the justification for opening the investigation was based on false information from an FBI 'mole' who was placed into Trump's campaign organization during the Obama administration.

## South Carolina: NAACP President Says He Was Racially Profiled and Insulted by Cop. The Video Shows He Lied.

written by GEG | May 17, 2018

Bodycam video of the police officer shows he was very polite and explained to Moultrie that he pulled him over for failing to signal a turn. The officer let Moultrie go without a citation even though his vehicle registration did not match the car he was driving. Two NAACP officials said they did not need to see the video because they know Moultrie is a man of integrity who would not lie.

## Georgia State Senator Campaigns with 'Deportation Bus Tour' in His Bid to Become Governor

written by GEG | May 17, 2018

More than two-dozen Antifa thugs showed up to intimidate him as he prepared for his “Deportation Bus Tour” across the state, and the sheriff had to chase away several men they believed belonged to the violent MS-13 gang. Antifa shared his tour schedule on social media and have made countless threats. They shut down his latest tour stop in DeKalb.

## Black Man Wearing Pro-Trump Hat Threatened by Cheesecake Factory Staff

written by GEG | May 17, 2018

Florida: Eugenior Joseph was wearing his pro-Trump MAGA (Make America Great Again) hat when he went with his girlfriend’s family to the Cheesecake Factory Restaurant at the

Dadeland Mall to celebrate Mother's Day. He is suing the restaurant because employees confronted him, used a racial slur against him, and threatened to hit him in the head hard enough to knock off his hat. The restaurant announced that two of its employees have been suspended.

## Pakistan: Three Infants Die after Receiving Polio Vaccine

written by GEG | May 17, 2018

Three infants reportedly died and five more had adverse reactions to an inactivated polio vaccine. Officials noted that the only reaction to the IPV is anaphylaxis, a severe allergic reaction, which they claim only occurs immediately after injection. Pakistan's current vaccine drive targets 24 million children under age five for the attenuated (live) oral polio vaccine that can cause vaccine-strain polio paralysis.

## Irish Homeowners Called Upon to Share Their

# Homes with Syrian Refugees

written by GEG | May 17, 2018

Ireland: Homeowners are being asked to open spare rooms or vacant properties to house Syrian migrants for periods of up to a year as part of the Irish Refugee Protection Program. The Irish Red Cross is pushing the plan on behalf of the government's effort to resettle 4,000 asylum seekers from camps in Greece and Italy.
