written by GEG | June 29, 2018

Despite Ramos' record of nearly a decade of harassing the journalists, long before Trump ever ran for office, many in the mainstream media are blaming Trump for the murders. By blaming the President before all the facts are known, the leftist media is inciting more hatred. Coincidentally, just days before the massacre, there was a mass shooter drill by the police and fire department that was covered by the Capital Gazette.

In April, US Attorney General Jeff Sessions announced a “zero-tolerance” policy for illegal entry and all aliens caught entering the country illegally would be held for prosecution instead of “catch and release” that allows the aliens to stay in the US while awaiting a hearing that they often ignore.
