

Voter Fraud: Tiny Precinct in Georgia Has 276 Registered Voters, But 670 Ballots Were Cast!

written by GEG | August 7, 2018

Habersham County's Mud Creek precinct in northeastern Georgia had 276 registered voters ahead of the state's primary elections in May. But 670 ballots were cast, according to the Georgia secretary of state's office, indicating a 243% turnout. Georgia is one of four states that uses voting machines statewide that produce no paper record for voters to verify, making them difficult to audit, experts say.

Facebook Censors Congressional Candidate's Video about Communist Crimes

written by GEG | August 7, 2018

Facebook banned California Republican congressional Candidate Elizabeth Heng's campaign video ad about communist crimes that led her parents to flee mass murder by communists in Cambodia in the 1970's. Facebook says it does not allow "shocking, disrespectful, or sensational" content. [Does anyone actually believe that? Can you imagine Facebook banning a leftist campaign video that showed Nazi crimes against communists in Europe? Neither can we.] See the banned video [here](#).

Alex Jones and Infowars Are Purged from YouTube, Facebook, Apple, and Spotify

written by GEG | August 7, 2018

All of these companies ostensibly are private companies and, as such, they did not violate the First Amendment that guarantees that government shall not deny free speech. Yet, they have a monopoly on speech in the public square and may be subject to regulation as a monopoly.
