

South Africa Officially Begins Its Program of Seizing White-Owned Farms

written by GEG | August 21, 2018

The South African government recently offered to buy two farms for \$1.8 million when they are valued at \$18-million. When the owners refused, the communist government evicted them from their land. The communist government places the political value of a single-race program above all other considerations.

Journalist Jon Rappoport Says Google, Facebook and Other Social Media Censor Their Critics, Not Only Because They Are Left-Leaning, But Because They Are Appendages of the State

written by GEG | August 21, 2018

Rappoport shows that Google, Facebook, and YouTube are deeply influenced by government intelligence agencies. Facebook received \$13-million in 2004 from Accel Partners, which is indirectly funded by the CIA and DARPA, a research division of the US military. Google works closely with the military-industrial complex.

After Forty Years of ‘One-Child Policy’, China Now Considering Rewarding Young Adults Who Have More Children

written by GEG | August 21, 2018

This is a complete turnaround after a one-child policy, which fined women for having more than one child and forced them to have abortions or to be sterilized, a policy that lasted nearly four decades but ended three years ago.
