

DOJ Boss Bruce Ohr Testified Behind Closed Doors and Revealed He Kept the FBI and Mueller's Lead Attorney 'In the Loop' on the Dossier

written by GEG | August 31, 2018

Bruce Ohr, a high-ranking Department of Justice (DOJ) official who has been demoted twice, testified behind closed doors this week about his involvement in the fraudulent dossier that was used to obtain FISA warrants to spy on the Trump campaign.

Landmark US Court Decision Rules that Privacy Under the Fourth Amendment Applies to Smart Meters

written by GEG | August 31, 2018

The court handed down a landmark opinion that the 4th Amendment protects energy-consumption data collected by smart meters, because that data reveals intimate details about personal activities in the home that would be unavailable to the government without a physical search.

Democrat Lawmaker Threatens ICE Officers with Prosecution

written by GEG | August 31, 2018

US Congressman, Ruben Gallego, a Democrat from Arizona and pro-immigration advocate, threatened Immigration and Customs Enforcement (ICE) officers saying “You will not be safe” from prosecution after Trump leaves office.

Child-Abuse Charges Dropped Against New Mexico Jihadists When District Attorney Misses Court Deadline

written by GEG | August 31, 2018

Child-abuse charges against three of the suspects were dropped because the district attorney missed the deadline to hold preliminary hearings. This case is shrouded in similar strange twists, including the destruction of evidence at the crime scene, making it appear that the fix is in.

The Las Vegas Shooter's Girlfriend May Have Been Employed by the FBI – More Strange Evidence Surfaces

written by GEG | August 31, 2018

Marilou Danley, the girlfriend of Las Vegas mass shooter Stephen Paddock, worked for the FBI, according to her application for a loan. The database, Intelius, also shows that Danley, an Australian national, worked at the FBI.

California Passes Law SB100 that Bans All Gasoline and Electricity by 2045. Agenda 21 Is on Steroids!

written by GEG | August 31, 2018

California's infrastructure will devolve to 3rd-world level: blackouts will be common. The analyst believes that the goal is to collapse the state into bankruptcy. This will be classified as a humanitarian crisis, and the rest of the country will be on the hook for its bailout.

Report: The Climate Industry Is Using Philanthropic Donations to Weaponize State Prosecutors Against Climate Skeptics

written by GEG | August 31, 2018

Competitive Enterprise Institute senior fellow, Chris Horner, presented a study that exposes an elaborate campaign by the billion-dollar-per-year climate industry that weaponizes state prosecutors by arranging private parties to fund and direct them, led by Bloomberg Philanthropies.

California Is First State to Abolish Cash Bail, A Move That Was Endorsed by George Soros and Black Lives Matter

written by GEG | August 31, 2018

Backers of this 'bail reform movement' include George Soros and Black Lives Matter, whose goal is to reduce the chances of imprisonment for their members and agents. Beth Chapman, wife of Dog the Bounty Hunter, warns that the intention is to release criminals back into communities with no repercussion and no deterrent.

East Germans in Former Communist City Protest Mass Immigration After the Stabbing of a German Man

written by GEG | August 31, 2018

Two thousand Germans, labeled as "far-right" protesters and "Nazis", demonstrated against terrorism and migrant crime following the arrest of a Syrian man and an Iraqi man who are accused of stabbing a 35-year old German carpenter to death. German society is divided over Merkel's admission of a million migrants in 2015.

California's Next (Likely) Governor, Gavin Newsom, Vowes to Bring Universal Healthcare to Everyone in the State, Including Illegal Aliens

written by GEG | August 31, 2018

California: Democrat gubernatorial candidate Gavin Newsom vowed to implement universal healthcare in the the state and will grant medical services to illegal aliens through executive order. Newsom is up in the polls by 20 points and is likely to win the governor's office.

China Hacked Hillary Clinton's Private Email Server and Received a 'Courtesy Copy' of Every Email She Sent and Received

written by GEG | August 31, 2018

A Chinese-owned company reportedly hacked into Hillary Clinton's home-brew server all throughout her time as Secretary of State and forwarded 'courtesy copies' to the Chinese government. Two officials with the Intelligence Community Inspector General repeatedly warned FBI officials of this fact.

UK Prime Minister Theresa May, While Visiting South Africa, Announced Support for Land Expropriation from White Farmers

written by GEG | August 31, 2018

British Prime Minister Theresa May said the UK supports land reform (expropriation) of land owned by white farmers if it is "legal and transparent and generated through a democratic process." In other words, the UK supports theft if there is a law that authorizes it and the majority approves of it.
