written by GEG | September 21, 2018

Natarajan Subramanian is an auditor for the Government Accountability Office and a member the Democratic Socialists of America. He manages social media for the DSA and admits working on DSA projects while at his federal job, despite knowing it is prohibited. He says there are numerous communists in the party and that he is one of them. He also says that one of his DSA friends is a contractor for the Department of Defense with Top-Secret clearance who works on war planning for Syria. Subramanian says that DSA only endorses candidates who can be controlled, and that there are many other government employees who are DSA members. -GEG
