

Illegal Alien with Violent Criminal Past Arrested in California Woman's Murder

San Jose, California: Illegal alien Carlos Eduardo Arevalo Carranza, a 24-year old illegal alien from El Salvador, is alleged to have stalked 59-year-old Bambi Larson before entering her home and stabbing her to death. Carranza was an admitted gang member and had six prior arrests, including battery, resisting arrest and possession of methamphetamine. Los Angeles and Santa Clara counties ignored nine ICE detainers to deport Carranza due to California's state and local policies offering sanctuary.

Police in California have arrested an illegal immigrant with known gang ties and an extensive criminal history in the February killing of a San Jose woman.

Carlos Eduardo Arevalo Carranza, 24, was arrested Monday night in connection with the murder of 59-year-old Bambi Larson; police say he stalked her before stabbing her to death.

Larson, a systems manager in San Jose, did not show up for work on Feb. 28. That seemed unusual to co-workers, who phoned her son to alert him.

Larson's son and a co-worker went to her home in the 900 block of Knollfield Way around 1:45 p.m. and discovered her body in the bedroom, San Jose Police Chief Eddie Garcia said.

Police arrived and found Larson suffering from multiple stab wounds consistent with a cutting tool, multiple lacerations to her body and blunt force trauma. They also recovered a bloodied towel and footprints from the scene near a sliding door.

False Flag Alert: Neocons in the US Government and Media Falsely Blamed Maduro for Setting Fire to US Aid Trucks. Sabotage Suspected in Massive Blackout.

Last month, a convoy of humanitarian aid trucks from the US were set on fire and the mainstream media, along with neocons VP Mike Pence, Senator Marco Rubio, Mike Pompeo and others, were quick to blame President Maduro. However, video shows an anti-Maduro protester threw a Molotov cocktail that ignited the truck carrying aid. The same protester threw two other Molotov cocktails at trucks, appearing to be a provocation to initiate military action against Maduro. Elliott Abrams, the Trump-appointed US envoy for Venezuela, trafficked \$27 million in weapons to overthrow the leftist government in Nicaragua in the 1980s, and US aid is not trusted.

Sabotage is suspected in the recent blackout of electricity across Venezuela that forced citizens to scavenge sewage drains for water. China responded by offering technical support to restore Venezuela's power grid. Maduro said he would ask China, Russia, Cuba and Iran, as well as the United Nations, to probe the attack on the country's power grid.

China offers to help Venezuela to restore power amid nationwide blackout

China says it is ready to help Venezuela to restore its power grid. The South American country suffered a five-day blackout, with Caracas accusing Washington of cyber “sabotage.”

Foreign Ministry spokesman Lu Kang said Beijing had noted reports that the power grid had gone down due to a hacking attack.

California: Parents Demand Removal of Cell Tower at Elementary School After 4th Child Is Diagnosed with Cancer

San Joaquin County, California: Parents are demanding a cell tower at their children's elementary school of 400 students in be removed after four students and three teachers were reportedly diagnosed with cancer. Eric Windheim, an electromagnetic radiation specialist, says that the cell tower is a 4G WiMAX system that is many times stronger than a regular tower that covers 300 yards while WiMAX is able to cover 30 miles. The school district is refusing to remove it.

Parents are demanding a cell tower at their children's elementary school in San Joaquin County, California be removed after four students and three teachers were reportedly diagnosed with cancer.

From CBS Sacramento:

A fourth child has been diagnosed with cancer at a San Joaquin County elementary school, and parents believe it's because of radiation caused by a cell phone tower.

[...] "We had a doctor tell us that it's 100 percent environmental, the kind of tumor that he has," said Monica

Ferrulli.

Her son Mason was the second child to be diagnosed with cancer in just three years at Weston Elementary. He was 10-years-old and walked by this cell phone tower daily.

“People who want the tower removed say four students and three teachers at Weston have been stricken with cancer,” The Modesto Bee reports. “The kindergarten-through-eighth-grade school on Stanley Drive has 400 students.”

The ‘Justice Democrats’ Are the Brains Behind Alexandria Ocasio-Cortez Who Was Recruited from a Pool of

10,000 Contestants

Alexandria Ocasio-Cortez (AOC) was recruited by the Justice Democrats, a group of radical leftist and socialists, that auditioned over 10,000 people to run as their candidate in Congress. The Justice Democrats intend to takeover the Democrat Party by 'primarying' out establishment Democrats and replacing them with hundreds of radical socialist puppets. The Justice Democrats, backers of the Green New Deal and open borders, intend to take over the Democrat Party, Congress and then the entire United States. Seven candidates endorsed by the Justice Democrats were elected to Congress in the 2018 interim elections. Two former Bernie Sanders strategists and Cenk Uygur of the Young Turks appear to be pulling the strings, but it is unclear who is funding the enterprise. Zack Exley, a key player in the Justice Democrats, was a fellow at George Soros' Open Borders Foundation.

Summary by JW Williams

Alexandria Ocasio-Cortez (AOC) was chosen by the Justice Democrats, a group of radical leftist and socialists, that auditioned over 10,000 people to run as their candidate in Congress. The Justice Democrats are employing a strategy of taking over the Democratic Party by 'primarying' establishment Democrats out of office by running hundreds of charismatic opponents against incumbent Democrats that they do not own. After taking control over the Democrat Party, they intend to control Congress and then the United States.

In the recent 2018 elections, the Justice Democrats endorsed 79 candidates in Democrat primaries, and 26 of them advanced

to the general election and 7 won seats in Congress. Three of the new Congressmen, AOC, Rashida Tlaib and Ayanna Pressley were hand-picked by the Justice Democrats.

.
Republicans and conservatives have not paid much attention because the Democrats are fighting among themselves, but the GOP has failed to understand the threat of the Justice Democrats' strategy.

.
The Justice Democrats prefer to control many loyal members of Congress rather than becoming members of Congress themselves.

.
AOC's handler appears to be Saikat Chakrabarti, her chief of staff, who formerly worked on the Bernie Sanders campaign that generated a groundswell of support for socialism. He has recently faced allegations of misappropriating \$1 million in campaign funds. Zach Exley, who organized much of AOC's campaign, is another former strategist from the Bernie campaign; he is an expert in Saul Alinsky methods of community organizing and is a radical open borders proponent who was a fellow at George Soros' Open Borders Foundation. Cenk Uygur of The Young Turks is the reported mastermind who hired Chakrabarti and Exley to build the Justice Democrats. Uygur is no longer officially affiliated with the Justice Democrats. It is unlikely that he was the chief of the Justice Democrats as he has a reported net worth of \$5 million, yet the group appears to have deep-pocket funding.
