

# Cannabis Will Be Your Future Food – Not for Mood Effect But Nutrition Effect

Evan Fold is a regenerative agriculture consultant with fifteen years experience in hydroponics and organic gardening. The title of his presentation is Cannabis and the Future of Foods. This is not just a cover for growing Marijuana. It's a serious movement to re-discover the nutrition benefits from non-hallucinogenic forms of Cannabis that used to be prevalent in American agriculture but which were shunned when the public was fooled into thinking these crops were dangerous drugs. Evan Fold is at the forefront of the movement to return Cannabis to its proper role in nutrition, medicine, and building materials.

That's the message from Evan Fold who will be a featured speaker at the Red Pill Expo in Hartford, Connecticut, June 7-9.
