

New York Area Fire Commissioners Call for New 9/11 Investigation of “Pre-Planted Explosives”

New York: Five fire commissioners from Franklin Square and Munson Fire District, which oversees a volunteer fire department that performed rescue operations following the 9/11 attacks, passed a resolution calling for a new investigation into 9/11. The resolution says there is “overwhelming evidence” that “pre-planted explosives . . . caused the destruction of the three World Trade Center buildings.” Their goal is to get every fire district in the state to go on record supporting a new investigation. The US Attorney’s Office says it will present the petition to a special grand jury. -GEG

The Franklin Square and Munson Fire District 9/11 Resolution

Whereas, the attacks of September 11, 2001, are inextricably and forever tied to the Franklin Square and Munson Fire Department;

Whereas, on September 11, 2001, while operating at the World Trade Center in New York City, firefighter Thomas J. Hetzel,

badge #290

of Hook and Ladder Company #1, Franklin Square and Munson Fire Department of New York, was killed in performance of his duties, along

with 2,976 other emergency responders and civilians;

Whereas, members of the Franklin Square and Munson Fire Department were called upon to assist in the subsequent rescue and

recovery operations and cleanup of the World Trade Center site,

afflicting many of them with life-threatening illnesses as a result of

breathing the deadly toxins present at the site;

Whereas, the Board of Fire Commissioners of the Franklin Square

and Munson Fire District recognizes the significant and compelling

nature of the petition before the United States Attorney for the

Southern District of New York reporting un-prosecuted federal crimes at

the World Trade Center on September 11, 2001, and calling upon the

United States Attorney to present that petition to a Special Grand Jury

pursuant to the United States Constitution and 18 U.S.C. SS 3332(A);

Whereas, the overwhelming evidence presented in said petition demonstrates beyond any doubt that pre-planted explosives and/or

incendiaries – not just airplanes and the ensuing fires – caused the

destruction of the three World Trade Center buildings, killing the vast

majority of the victims who perished that day;

Whereas, the victims of 9/11, their families, the people of New York City, and our nation deserve that every crime related to the attacks of September 11, 2001, be investigated to the fullest and that every person who was responsible face justice;

NOW THEREFORE, BE IT RESOLVED that the Board of Fire Commissioners of the Franklin Square and Munson Fire District fully supports a comprehensive federal grand jury investigation and prosecution of every crime related to the attacks of September 11, 2001, as well as any and all efforts by other government entities to investigate and uncover the full truth surrounding the events of that horrible day.
