

# Judge Rules Dad of 7-Year-Old James Younger Will Have Say in 'Gender Transition'

Texas: A judge granted joint conservatorship to both parents of a 7-year old boy that the mother, Dr. Anne Georgulas, a pediatrician, is trying to transition into a girl. The judge said that the father, Jeffrey Younger, will have his say regarding the gender change. This follows a jury granting Dr. Georgulas authority to start him on puberty blockers, which can cause chemical castration. Court documents show that Younger's son only dresses as a girl when he's with his mother. Younger contends that the boy is being emotionally manipulated into becoming female. -GEG

A judge on Thursday ruled that Jeffrey Younger will have joint conservatorship over his 7-year-old son James, which means he will have a say in medical decisions.

Life Site [reported](#):

*The judge presiding over the case of Jeffrey Younger, the father who is trying to protect his seven-year-old son, James, from chemical castration via a gender "transition," ruled today that the parents will have joint conservatorship over James, which includes making joint medical decisions for the child.*

*Judge Kim Cooks of the 255th district also put a gag order on both parents so that they cannot speak to the press about the case and decided that the father is not required to pay attorney fees. The judge's decision means that the Save James website will have to be shut down.*

Jeffrey Younger vowed to keep fighting to protect his son after a jury earlier this week ruled against him in his court case to save his son James from gender "transition."

The mother of 7-year-old James wanted to start the boy on puberty blockers and eventually cross-sex hormones.

Jeffrey's ex-wife Dr. Anne Georgulas was to continue the chemical castration of their son to transition James Younger into "Luna."

Dr. Georgulas actually admitted in court that she is not the biological mother of James and his twin brother Jude. She used in-vitro fertilization with a donor egg.

Texas Governor Gregg Abbott announced Wednesday night that the Texas Attorney General's Office and the Texas Department of Family and Protective Services are now looking into the horrific case involving James Younger and his abusive mother who is working to castrate her son.

## **Both of Obama's Top Intelligence Officers, FBI Director James Comey and CIA Director John Brennan, Voted for Communists While the Cold War Against Communism Was Raging**

The heads of Obama's FBI and CIA voted for Communists during the Cold War, yet were able to move up the ranks within the same US intelligence community that, for decades, claimed to oppose Communism. Here at *Need to Know*, we missed this story when it was first published a few months ago, but it needs to be known and in the record. Former FBI Director James Comey admitted in a 2003 interview that he voted Communist before voting for Jimmy Carter in 1980. Comey added that he did not know how to classify himself politically. Former CIA Director John Brennan said that, in 1976, he voted for Gus Hall, the Communist Party candidate for President. This fact did not hinder him from becoming head of the CIA afterward [This will not be shocking to anyone who understands that there is no significant difference in the ideological beliefs of

Communists, Fascists, Nazis, Socialists and other variants of collectivism, and that collectivism is the dominant ideology of both major political parties today.] -GEG

The heads of Obama's FBI and CIA both voted for Communists during the Cold War, yet were somehow able to move up the ranks within the same US intelligence community that had spent decades fighting that very ideology.

Journalist Paul Sperry noted on Wednesday that former FBI Director James Comey admitted in a 2003 interview to having voted Communist before casting his ballot for Jimmy Carter in 1980.

"In college, I was left of center," Comey told [New York Magazine](#), and through a gradual process I found myself more comfortable with a lot of the ideas and approaches the Republicans were using." He voted for Carter in 1980, but in '84, "I voted for Reagan—I'd moved from Communist to whatever I am now. I'm not even sure how to characterize myself politically. Maybe at some point, I'll have to figure it out."

Of note, Comey's wife and four daughters were all giant [Hillary Clinton supporters](#) who wanted her to win "really badly."

Former CIA Director John Brennan, meanwhile, admitted in 2016 to voting Communist in the 1970s. When asked at the Congressional Black Caucus Foundation's annual conference whether past activism would create a barrier for diverse candidates who want to enter the intelligence community, Brennan said that he was forced to admit to voting for Communist Gus Hall for president in 1976, according to [CNN](#).

## **Repo Madness: Fed Pumps Overnight Bank Funds to \$120-Billion a Day**

The Federal Reserve Bank of New York says it will increase the size of its overnight short-term repurchase agreements, or repos, to \$120-billion from the current \$75-billion. In a repo, banks give bonds to the Treasury in exchange for cash with an agreement to buy them back the following day or shortly thereafter. They are the equivalent of overnight loans. The size of the loans have continually increased, and there is no end in sight. Because the loans are to be paid back to the Fed after a short period, they are said to not cause inflation. [However, if \$120-billion loan one day is replaced by another \$120-billion loan the next day, the result is that the constant money supply has been increased by that amount. Since the long-standing pattern is for the size of these loans to continually increase, the inflationary effect is undeniable.] -GEG

**The Federal Reserve Bank of New York said Wednesday that it would increase the size of its overnight repo operations to \$120 billion from the current \$75 billion.**

The Fed announcement came without explanation. Recent Fed

offerings for the short term repurchase agreements, or repos, have been oversubscribed, meaning banks sought more liquidity than the Fed was prepared to provide.

On Tuesday, the Fed injected nearly \$100 billion in combined overnight and slightly-longer term loans to banks.

## **Louisiana Sheriff's Deputy and His Wife, a Junior High School Teacher, Arrested on Charges of Child Rape and Porn**

Louisiana: Dennis Perkins, a lieutenant with the Livingston Parish Sheriff's Office, and his wife, Cynthia Perkins, a junior high-school teacher, were each charged with 60 counts of production of pornography involving a child under 13, and multiple counts of first degree rape. According to a source close to the case, the couple was seen in videos and photos committing unspeakable acts with naked children. When police attempted to arrest Dennis Perkins, he reportedly knew they

were coming so he tossed his cellphone in a nearby river and fled, leading to an additional charge of obstruction of justice. -GEG

On Wednesday, the couple was arrested after a months-long criminal probe headed up by the Louisiana Attorney General's Office. After the arrest, footage of the alleged child rapist was posted to Twitter, showing him being led into prison in shackles.

According to a source close to the case, the couple was seen in videos and photos committing unspeakable acts with naked children. Horrifying indeed. When police attempted to arrest Dennis (Denny) Perkins, he reportedly knew they were coming so he tossed his cellphone in a nearby river and fled. This move also led to the top cop being charged with obstruction of justice on top of the child rape counts.

[WAFB 9](#) reports, that Denny Perkins was a lieutenant with the Livingston Parish Sheriff's Office Special Operations Unit (SWAT) before being terminated the week of Oct. 21. He was hired in 2002 from the Walker Police Department. This alleged child rapist commanded an entire SWAT division and was considered a "hero" by the community.

After her arrest, his wife, Cynthia Perkins resigned from her teaching position at Westside Junior High School in Walker. It is currently unknown if the victims in the images were students of Cynthia's.

The investigation found so much disturbing evidence against the Perkins that this top cop and his wife are facing more than 120 combined charges.

Louisiana Attorney General Jeff Landry says Denny Perkins is charged with 60 counts of production of pornography involving a juvenile under the age of 13, two counts of first degree rape, three counts of possession of pornography involving a juvenile under the age of 13, two counts of video voyeurism, and two counts of obscenity, according to WAFB.

*Investigators with the Attorney General's Office apprehended him while he was on a fishing trip in Toledo Bend. He was picked up again Wednesday afternoon to be transferred to Livingston Parish. He was booked into Livingston Parish Wednesday evening with a bond of \$1,675,000, then transferred to Ascension Parish shortly thereafter for his own safety.*

Cynthia Perkins is charged with 60 counts of production of pornography involving a juvenile under the age of 13 and two counts of first degree rape. She's being held on a \$500,000 bond.

The investigation started after the National Center for Missing and Exploited Children received a tip that the couple was raping children, filming it it, and then distributing it to their network.

If you or anyone you know was molested or raped by this couple, please contact the FBI with your story. It is highly likely that they have more victims who have remained silent because their attacker was a SWAT commander.
