

Reporter Tries to Smear Speaker at Red Pill Expo Who Urged Liberty-Minded Citizens to Run for Office

written by GEG | November 25, 2019

The difference of world view appears to be the underlying problem with this article as the author believes that his mainstream sources are wise, honorable, and objective. Collectivists are programmed to believe and obey. We who have lived long enough to see how things really work in government and commerce know better.

Behavioral Psychologist Refutes Comic Sacha Baron Cohen's Call for Big Tech to Censor 'Hate Speech'

written by GEG | November 25, 2019

The ADL has partnered with Facebook, Google, Microsoft and Twitter and has influenced much of the existing censorship on these platforms. Free speech advocates believe that the only time social-media companies should intervene is for libel/defamation or direct incitement to violence.

Dr. Jordan Peterson Says Videos That Perfectly Impersonate the Voice and Appearance of Others Should Be Made a Felony

written by GEG | November 25, 2019

Jordan Peterson objects to 'Deep Fake' technology that creates an audio and video impersonation of someone. The technology may be used to disrupt and destroy confidence in any form of communications other than direct contact. He says this should be declared illegal, at least when used to defame, damage, or deceive.

US Secretary of State Mike Pompeo Supports Regime-Change Violence in Iran

written by GEG | November 25, 2019

US Secretary of State Mike Pompeo threw his support behind the protesters and said that the US stands with them. However, the US State Department has imposed heavy economic sanctions against Iran that are hurting the Iranian people.
