

# Trump's USMCA Trade Agreement Is a Big Win for Tech Giants Who Were Given the Right to Censor Internet Content

written by GEG | December 13, 2019

Nancy Pelosi approved Trump's USMCA treaty, claiming that she "lost" her fight to remove a provision granting big tech companies expanded legal immunity over censorship of any content they consider 'objectionable' or 'harmful'. There is no evidence, however, that there ever was a genuine fight.
