In a stunning development, the Contra Costa County District Attorney's Office announced no charges are being filed against the five men arrested in connection with the deadly Halloween night shooting that left five people dead at a rented Airbnb mansion in Orinda, California. LeBraun Wallace, Jaquez Sweeney, Jason Iles, and Shamron Mitchell were arrested on accusations of murder, while Devin Williams, the promoter of the party, was arrested as an accessory to the murders. One investigator called it a "bloodbath" unlike anything he had ever seen and that many of those who attended the party were armed. Rival gangs were reported to be involved.

In 2018, George Soros spent \$275,000 backing Democrat Diana Becton, who currently serves as Costa County District Attorney.
