

Roger Stone Sentenced to 3 Years, 4 Months in Prison by Democrat Activist Judge Amy Berman Jackson

written by GEG | February 20, 2020

The execution of the sentence will be delayed until the judge decides whether Stone's request for a new trial after the jury forewoman in his case, a former Democratic political candidate, outed herself as a leftist who had posted inflammatory anti-Trump content on social media.

California: President Trump Signed Order Allowing Water to Flow to Farmers Instead of the Pacific Ocean. Governor Newsom Sues Trump.

written by GEG | February 20, 2020

The state should have control over its water resources that have been rationed by the federal government. In response, Governor Newsom, following a repressive Agenda 21 environmental plan, sued the Trump administration to block new rules.

Convict Who Thanked New York Democrats for Abolishing Bail Arrested for the 140th Time

written by GEG | February 20, 2020

Earlier this week, Barry told a reporter, "I'm famous! I take \$200, \$300 a day of your money, cracker! You can't stop me! Bail reform, it's lit! It's the Democrats! The Democrats know me and the Republicans fear me. You can't touch me! I can't be stopped!"

Fenbendazole: A Drug Made for Animals and Taken by Humans to Treat Cancer

written by GEG | February 20, 2020

This article has a collection of information about fenbendazole, which has been shown to eliminate cancer cells. It is technical information, but the point is that the studies listed in the article indicate that it works, how it works, and that it needs further study.

Government Agency Admits Cell Phones Cause Cancer in Rats. Lawsuit Filed Against Apple and Samsung for Radiation Above Federal Limits.

written by GEG | February 20, 2020

The National Toxicology Program, a government organization, found that “high exposure to radio frequency radiation used by cell phones was associated with clear evidence of tumors in rats.” However, federal agencies, including the FCC and FDA, claim that cell phone radiation is safe for humans.
