Police track the movements of all vehicles in Israel and post the information to a database. In addition, it was disclosed that a database operated by Shin Bet, an Israeli

security agency, stored movements, phone calls and text messages on all Israeli citizens and most Palestinians from the West Bank.

NY Governor Cuomo Admits He Was Wrong to Order Nursing Homes to Accept COVID Patients

written by GEG | May 13, 2020

Patients could have been housed at the Javits Center or the Navy hospital ship Comfort while in isolation. Cuomo has partially withdrawn his order and now requires that patients test negative for the virus before hospitals can return them to nursing homes. Cuomo has ordered an investigation that is designed to pin the blame on nursing and adult-care facilities.
