

JP Morgan's Dimon Admits "Fed Liquidity Is Propping Up Stocks"

written by GEG | May 27, 2020

JP Morgan CEO Jaime Dimon acknowledged that the stock market is rising only because the Fed is using taxpayer dollars to save large companies. These bailouts are rewarding bad behavior by banks and their favored businesses, and it is creating massive debt that will destroy the nation.

US Billionaires Increase Net Worth by \$434B During Coronavirus Lockdowns

written by GEG | May 27, 2020

While Bill Gates was spreading panic over the coronavirus and pushing for a 3-month lockdown, the Bill and Melinda Gates Foundation was buying up tech stock, such as Apple, Amazon, Google-parent Alphabet, and Twitter, all of which did a booming business during the lockdown.

Trump Accuses Twitter of Falsely ‘Fact-Checking’ Him on Voter Fraud

written by GEG | May 27, 2020

Twitter “fact-checked” President Trump when he criticized universal mail-in voting that can be easily corrupted.

600 Doctors Call on Trump to End Shutdown that Causes Dangerous Health Effects

written by GEG | May 27, 2020

The doctors say the loss of livelihoods are causing poverty, loss of homes, despair, alcoholism, drug abuse, and suicides. It is the view of these doctors that these effects are more deadly than the virus.
