

# Documents Detail Plan to Create Civil Unrest and Martial Law in Baltimore

written by GEG | May 29, 2020

Two years ago, official-looking internal documents appearing to belong to Friends of Democracy, an activist group run by the son of George Soros, described an acceleration of civil unrest to justify the rollout of martial law nationwide. The documents were posted to 4chan and appear to detail a Soros-backed plan to incite civil unrest in the Baltimore area in 2015. The documents also reveal coordination with Baltimore law enforcement.

Internal documents appearing to belong to Friends of Democracy – George Soros' son's activist group – describe an acceleration of civil unrest to justify the rollout of martial law nationwide.

According to the docs, the group sought to use the protests over the death of Freddie Gray as a detonator for larger violent demonstrations in the Baltimore area.
