

Democrats Plan to Steal the Election Using Mail-In Voting and the Military

Hillary Clinton exhorted Joe Biden to refuse to concede if he loses the election. "Eventually I do believe he will win if we don't give an inch" she proclaimed. Jeff Bezos' Newspaper, the *Washington Post*, reported that violence is likely if Joe Biden loses the presidential race. It is predicted that 156-million Americans will cast a ballot in the November election, and an estimated 80-million votes will be cast by mail. Radio-show host Vince Coglianesse says Democrats have war-gamed a strategy for Biden to refuse to concede, challenge the results of the electoral college, and then manipulate the electors. The three left-dominated states on the west coast, Washington state, Oregon and California then will threaten to secede from the United State. [Presumably, at this point there will be sufficient violence in the streets to cause Trump to declare martial law] whereupon the military will decide who won the election. Coglianesse says the only way to prevent this is to re-open the polls for in-person voting. Josh Mendelsohn, the CEO of Hawkfish, an analytics firms funded by Bloomberg, told Axios that his firm predicts a "red mirage" where Trump wins on election day but Biden wins the election days later when mail-in votes are counted. -GEG

An analytics firm bankrolled by billionaire Michael Bloomberg is predicting that while President Trump will appear to win on November 3, Democrat Joe Biden will actually win the election days later due to mail-in voting.

Josh Mendelsohn, the CEO of Hawkfish – funded by Bloomberg and currently working for various pro-Biden super PACs – told Axios that his firm predicts a “red mirage” where Trump wins on election day but Biden wins the election days later when mail-in votes are counted:

The reason we talk about a red mirage is in fact because we believe that on election night, we are going to see Donald Trump in a stronger position than the reality actually is. We are sounding the alarm and saying that this is a very real possibility, that the data is going to show on election night an incredible victory for Donald Trump. That is likely to be what we see.

Mendelsohn claims it could take weeks before Trump’s election night victory is chipped away at by mail-in votes that will show Biden as the winner.

Portland Antifa Member Who Shot Patriot-Prayer Man Was Killed By Police!

Portland: A Youtube video analysis of the murder of Patriot Prayer member Aaron "Jay" Danielson, who was gunned down last Saturday night, concluded that Black Lives Matter and Antifa mercenaries conspired and ambushed the Trump supporter. Michael Reinoehl and another man, broke away from the crowd and walked up the street, followed by a cameraman who documented the killing. Reinoehl was never arrested. Recently, he sat for an interview with Vice News and told the leftist media outlet, "I had no choice. I mean...I had a choice. I could have sat there and watched them kill a friend of mine of color. But I wasn't going to do that." He essentially admitted to killing Danielson. In another prior interview, Reinoehl reported he was shot in the arm in an altercation. He brought his 11-year old daughter with him to the riots to "give her an education", and she was photographed carrying an aluminum baseball bat. Reinoehl was killed by police in Lacey, Washington, near Olympia, Washington on Thursday night. He was reported to be under surveillance by law enforcement and carrying a firearm when he was shot. We are awaiting details.

Salon Owner Receives Death Threats After Releasing Video of Nancy Pelosi Getting Her Hair Done – Unmasked

San Francisco: Speaker of the House Nancy Pelosi illustrated the double-standard enjoyed by people in power when she was captured on video having her hair done, without a mask, at a

hair salon that has been shuttered for six months due to COVID-19 lock downs on small businesses. This ironic because Pelosi has called for a nationwide mandate for all Americans to wear masks. After receiving backlash on social media, she said she was 'tricked' into the hair appointment, and it was a 'setup'. The business owner who shared the video has lost most of her clientele and staff due to the closure of her shop, and now she is receiving death threats and threats to burn down the salon because she released the video. -GEG

Erica Kious, a single mother and owner of eSalon in San Francisco was railroaded by Nancy Pelosi this week after she released security footage showing a maskless Pelosi getting her hair done in her shuttered salon.

Kious is now a target of death threats and will have to relocate her business.

Video released on Tuesday shows Queen Nancy Pelosi at a shuttered salon getting her hair done on Monday. Only the little people had to follow the rules. Nancy was too important.

She is also seen without a face mask... Masks are for the little people too.

On Wednesday Pelosi told reporters she took responsibility for "a set-up" and for being "tricked."

Pelosi demanded that the salon apologize to her!
