

Transgender Satanist Wins GOP Primary for New Hampshire County Sheriff

Cheshire County, New Hampshire: Aria DiMezzo, a transgender, 'Satanic anarchist', Black Lives Matter supporter, and Libertarian, won the GOP nomination for Cheshire County Sheriff. 4,000 Republican voters where she was elected paid so little attention to the unopposed candidate that they voted for her in spite of her "F*** the police!" slogan. This is one of the problems of trusting a political party or its candidates on the basis of group identity. Believe it or not, DiMezzo agrees totally with that criticism and scolds those who voted for her without knowing anything about her or caring enough to check it out. -GEG

Aria DiMezzo, a transgender, 'Satanic anarchist' has won the GOP nomination for sheriff in Cheshire County New Hampshire.

Incredibly, Republican voters where she was elected paid so little attention to the unopposed candidate that they voted for her in spite of her "F*** the police!" slogan—a slogan that sounds more like something you'd hear at a Joe Biden – Kamala Harris rally.

100 Percent Fed Up- 'I can't imagine they're happy about this,' Aria DiMezzo told Inside Sources when asked about the reaction from Republicans.

She won despite the fact that she received no support from the county or state GOP.

Daily Mail reports -DiMezzo will have an even more formidable task as she will face off against a four-term incumbent, the Democrat Eli Rivera.

The head of the Cheshire County Republican Party, Marylin Huston, misgendered DiMezzo by referring to her as 'he' when she offered congratulations.

'He did very well with the primary and that was wonderful,' Huston said.

DiMezzo is a member of a group of Libertarian activists known as the Free Keene group.

Law Officer— In a Friday blog post, DiMezzo declares opposition to a system that allowed thousands of people to walk into a voting booth and vote “despite knowing absolutely nothing about the person they were nominating to the most powerful law enforcement position in the county.”

Roger Stone to Alex Jones: To

Avoid Losing the Election, Trump Must Declare Martial Law

Roger Stone called into the Alex Jones' show last week and said that, if the Democrats try to steal the election, Trump should seize total power via martial law and jail prominent figures including the Clintons and Mark Zuckerberg. The Insurrection Act of 1807 allows the president to use federal troops to enforce federal law. In a recent interview, Trump told Fox News he would happily "put down" any left wing protests. However, when he sent federal agents to confront protesters in Portland, Oregon, he removed them as soon as the news coverage was past. The violence has continued and escalated. Trump said there would be a "backlash" from the political right over the BLM Antifa riots. [He was right, of course, as any grade-school child could foresee. Why would street-wise, experienced politicians heading the Democrat Party do such a stupid thing as to side with open Communism and encourage violence and destruction knowing it will create a backlash of support for Trump? Could it be that the Deep State wants Trump to call in martial law, thereby neutralizing his staunch supporters who passionately support him? Why does the pro-martial-law lobby talk about arresting the Clintons but never Soros or Obama? They will never arrest any of them, of course, but why does the rhetoric speak of the lesser operatives and ignore the higher operatives?] -GEG

Roger Stone, whose 40-month prison sentence for lying to Congress and witness tampering in the Russia investigation was commuted by Donald Trump, has said Trump should seize total power and jail prominent figures including Bill and Hillary Clinton and Mark Zuckerberg if he loses to Joe Biden in November.

The long-time Republican dirty trickster, who has a tattoo of Richard Nixon on his back, offered the startling advice on Thursday, in a call to conspiracy theorist Alex Jones's Infowars online show.

Stone was sentenced in part for lying about contacts with WikiLeaks during the 2016 election regarding emails hacked from Democratic party accounts. In turn, special counsel Robert Mueller and the Senate intelligence committee suspected Trump lied when he said he could not recall discussing the leaks with Stone.

Stone did not turn on the president. He had his sentence reduced on the recommendation of attorney general William Barr but he still faced prison before Trump acted. His conviction stands.

Both men were in Nevada on Saturday, Trump holding campaign events while Stone sought to raise money for himself.

Citing widely debunked claims of fraud around early voting, absentee balloting and voting by mail, Stone told Jones Trump should consider invoking the Insurrection Act and arresting the Clintons, former Senate majority leader Harry Reid, Zuckerberg, Tim Cook of Apple and "anybody else who can be proven to be involved in illegal activity".

He also said: "The ballots in Nevada on election night should be seized by federal marshals and taken from the state. They

are completely corrupted. No votes should be counted from the state of Nevada if that turns out to be the provable case. Send federal marshals to the Clark county board of elections, Mr President!”

Nevada has not gone to a Republican since 2004 but is shaping up to be a crucial contest this year. Biden leads there, but polls have tightened. On Saturday, after a planned rally in Reno was cancelled because of coronavirus restrictions, Trump staged an event which disregarded such strictures in Minden. His rhetoric was not far removed from that of the man he spared prison.

Attacking the Democratic Nevada governor, Steve Sisolak, Trump said: “This is the guy we are entrusting with millions of ballots, unsolicited ballots, and we’re supposed to win these states. Who the hell is going to trust him? The only way the Democrats can win the election is if they rig it.”

Stone said: “Governor Sisolak is a punk. He should not face down the president of the United States.”

Liberal Media Describes Self-

Labeled “Left Anarchist” as Far-Right Extremist

Minnesota: Last week, the Department of Justice issued a criminal complaint charging Michael Robert Solomon and Benjamin Ryan Teeter with attempting to provide material support to Hamas in the Middle East, a designated foreign terrorist organization. Journalist Chris Menahan says this is the same scheme the government used to entrap Muslims into advancing the neocon agenda in the Middle East, but now it's purpose is to advance the narrative that “white supremacists” are behind the violence at Black Lives Matter / Antifa riots throughout the country.

CBS News, USA Today, the Intercept, the Jerusalem Post, and many other mainstream outlets were quick to describe the two men as “far-right” Boogaloo Boys militia who want to start a race war, and Wikipedia claims that most of them are Libertarian. To the contrary, Ryan Teeter says he is a “left anarchist” and a member of the LGBT community, adding: “People think I'm part of a Nazi group—I'm not.”
