

## George Soros Funds Jesuit NGOs with \$1.7-Million

A Vatican journalist revealed that three Jesuit charities close to Pope Francis have received more than \$ 1.7-million in recent years from George Soros' Open Society Foundations. The Jesuit Refugee Service received \$ 176,452; the Spanish Jesuit Migrant Service received \$226,125; the Jesuit Worldwide Learning USA received \$1,300,000.

The funding is curious when one considers Open Society's aggressive support of abortion, gay marriage, drug liberalization, and Islamization of the West. Over the past four years, the Soros Foundation has donated nearly \$ 12-million to Planned Parenthood organizations. In 2016, the Soros foundation gave \$ 1.5 million-to quash the scandal over the Planned Parenthood harvesting of organs and tissues from aborted babies. Why is this same foundation sending millions to Jesuit groups? And why are these groups accepting the money? What is the common goal? Is no one even curious? -GEG

The [Jesuit Refugee Service](#) received \$ 176,452 from Soros in 2018 to "support migrant rights" in Latin America. The Spanish [Jesuit Migrant Service](#) received \$ 75,000 since its founding in 2016 and \$ 151,125 in 2018. [Jesuit Worldwide Learning](#) USA

received \$ 890,000 in 2016 and another \$ 410,000 in 2018, the only Catholic NGO to list Open Society as one of its “partners” on its website, Tosatti writes.

In total, George Soros’ donations to Jesuit foundations totaled \$ 1,702,577 over the past four years. The funding is particularly controversial due to Open Society’s aggressive support of abortion, gay marriage, drug liberalization and Islamization of the West. Over the past four years, the Soros Foundation has donated nearly \$ 12 million to the International Planned Parenthood Federation (IPPF) and its US political arm, the Planned Parenthood Action Fund.

In 2016, it became known that the Soros foundation gave \$ 1.5 million to quash the scandal over the Planned Parenthood harvesting of organs and tissues from aborted babies.

In 2017, the Irish government ordered Amnesty International to return more than \$ 160,000 donated by Open Society to legalize abortion in that country.

In mid-July it emerged that the Jesuit archbishop of Santiago del Guatemala, Monsignor Gonzalo de Villa y Vásquez, has been linked to Soros’ now-defunct Guatemala Foundation since the 1990s.

The Pontificate of Pope Francis has subsequently called into question [its own legitimacy](#) on a multitude of occasions.“
