

Detroit: Video Shows 60 Boxes of Illegal Ballots Being Delivered in Early Morning Hours Following November Election

written by GEG | February 10, 2021

On November 4, Trump had a 100,000-vote lead over Joe Biden in Michigan until counting was shut down in Detroit in the early morning hours. Gateway Pundit obtained a surveillance video from the building where the ballots were counted that shows a white van registered to the city of Detroit making two deliveries in the early morning hours following the election delivering at least sixty boxes of ballots seven hours after the legal deadline for such deliveries had passed. When those ballots were counted, Trump's overwhelming lead was wiped out, and the election went to Biden. The video proves that the ballots were delivered without observers from the Republican Party, and they were delivered more than seven hours after the legal deadline. This means there are two reasons they should not have been counted. Gateway Pundit was censored by Twitter after publishing the video. -GEG

On Wednesday morning, November 4th President Trump was ahead of Joe Biden in the swing state of Michigan by over 100,000 votes.

This appeared to be another solid win for President Trump in a swing state he won in 2016. The ballot counting in Detroit, Michigan on election night took place at the TCF Center, formerly known as Cobo Hall.

Then late at night, a string of suspicious events changed the momentum for the Trump Team. GOP observers later testified that at 3:30 AM in the morning vehicles drove into the TCF Center and delivered fraudulent ballots for Joe Biden.

At least three election observers later testified in sworn affidavits that they witnessed vehicles delivering fraudulent ballots to the TCF Center early in the morning on November 4th.

Michigan's Shane Trejo **witnessed** the 3:30 am Biden Ballot Drop that gave Joe Biden an outstanding lift. "There were thousands of ballots in each box," Trejo says. "There were at least 50 boxes that I saw unloaded at 3:30 am, well after the 8:00 pm deadline for ballots to show up."

After these ballot drops Joe Biden took the lead in Michigan.
