Last week, Israeli Knesset member Ayoob Kara, who is part of Israeli PM Benjamin Netanyahu's Likud party, threatened that Israel is prepared to abandon America and ally with China and Russia if Biden "reneges on America's recognition of Israeli sovereignty over the Golan Heights and signs a nuclear deal with Iran." In 2019, President Trump officially recognized Israeli sovereignty over the occupied oil-rich Golan Heights that was seized from Syria in 1967, despite international opposition. _GEG
