

UK: Vaxxed Dying at a 6-Times Higher Rate than Unvaxxed; US Vaxxed have 18% Higher Death Rate

written by GEG | November 11, 2021

Data from the UK revealed people who have been double jabbed against COVID-19 are dying at a rate 6-times higher than unvaccinated people! In the US, the number of Americans who died between January 2021 and August 2021 is 18% higher than the average death rate between 2015 and 2019.
