

President Biden Said that Republicans Threaten the Very Foundations of Our Republic

written by GEG | September 5, 2022

President Biden gave a speech last Thursday filled with vitriol against Republicans and said, "Donald Trump and the MAGA Republicans represent an extremism that threatens the very foundations of our republic." He added, "... the Republican Party today is dominated, driven, and intimidated by Donald Trump and the MAGA Republicans, and that is a threat to this country." He said that MAGA Republicans do not respect the Constitution or believe in the rule of law, and they "refuse to accept the results of a free election." Biden attacked Trump and his supporters ahead of the mid-term elections instead of focusing on his own unpopular Democrat policies that have led to massive inflation, increased crime, open borders, increased fentanyl drug deaths, indoctrination of children in schools, provoking war with Russia and China and more.
