

As Chinese Purchases Of US Farmland Soar, It's Impossible To Track How Much It Owns

written by GEG | January 24, 2024

According to Department of Agriculture data, foreign ownership and investment in US farmland, pastures and forests jumped to about 40 million acres in 2021, up 40% from 2016. The USDA's data is flawed. Food supply lines may be at risk, depending on how much US land is owned by foreigners.
