## Italy Becomes First Nation To Ban Bill Gates’ Fake Meat Due To “Serious Health Concerns”

written by GEG | January 19, 2024

Numerous recent studies show that lab-grown synthetic meat is triggering the formation of turbo cancers in humans. Biden's USDA approved the sale of Gates' lab-grown "chicken meat" back in late June. This will allow fake meat to flood the US food market with their toxic, deadly products.

## Bill Gates Wants to Cut Down and Bury 70 Million Acres of Trees in the Western US

written by GEG | January 19, 2024

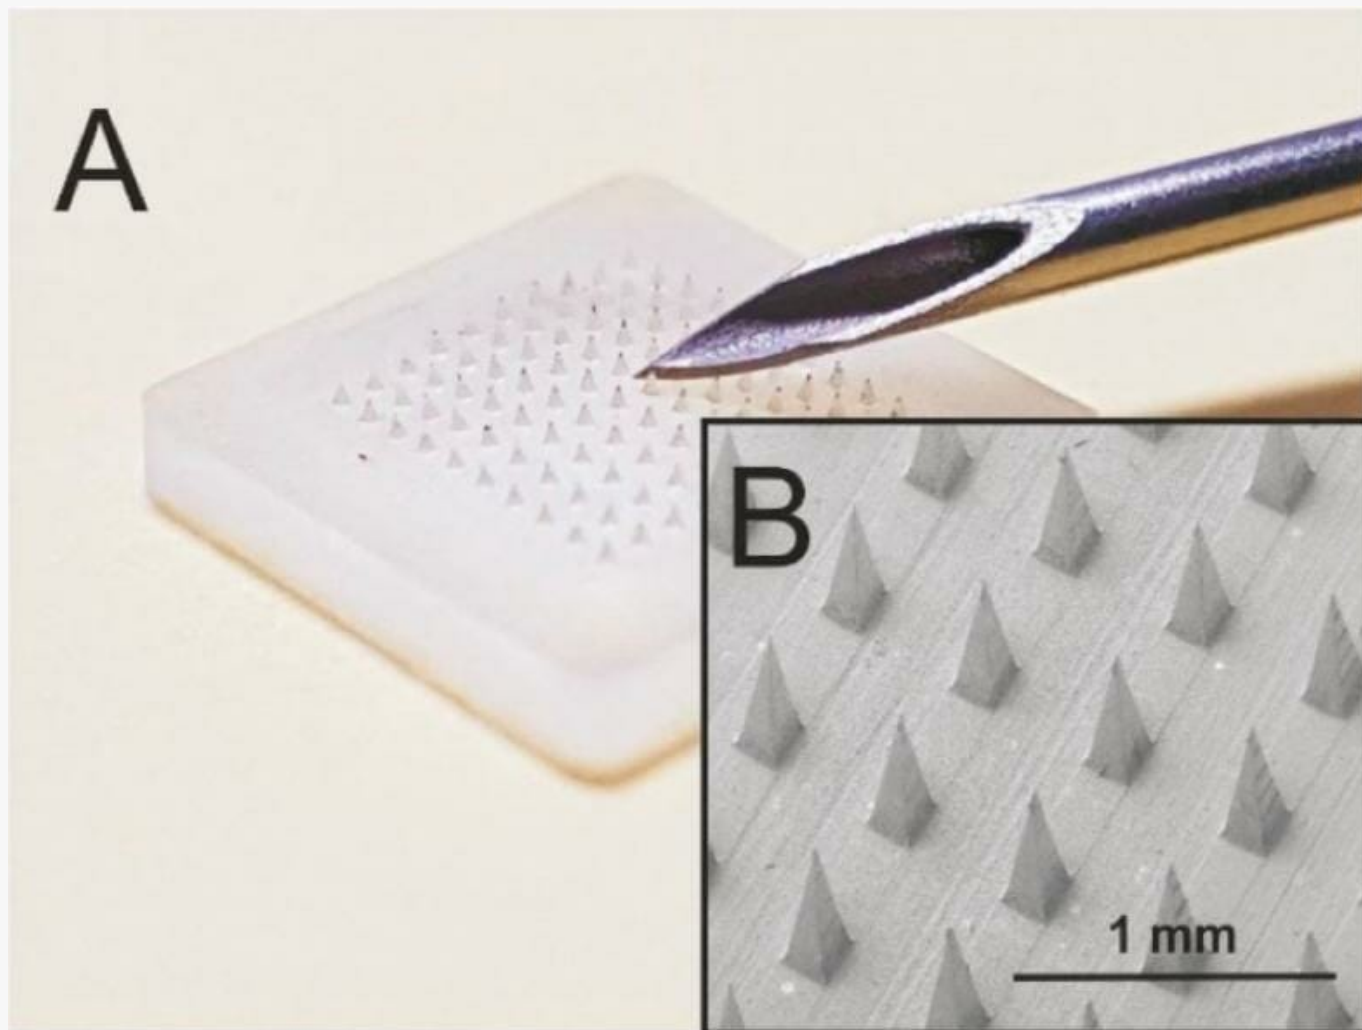

While removing dead trees and brush from dry forests to prevent fires is sensible, burying the trees, instead of using the lumber, is very curious. The amount of trees to be removed is also dubious. The scheme is a money-making business as the company will get money to create carbon offsets.

## Lab-Grown Chicken Meat Is Set to Hit Shelves in Grocery Stores and Restaurants this Year

written by GEG | January 19, 2024

Upside Foods gained approval by the FDA after it submitted its own data, without independent testing. A professor said that cells used to create meat in a lab can

technically be labeled pre-cancerous, but it would be “virtually impossible” to contract cancer from eating another animal, even if the meat contained cancer.
