

32 Doctors from 11 Countries Warn Against Taking the COVID-19 Vaccine!

written by GEG | January 1, 2021

There are strong reasons to believe the COVID-19 vaccine is dangerous. Only those who know nothing about the criminal record of vaccine manufacturers or the history of vaccine injuries would agree to accept it into their bodies.

UK Woman Arrested For Filming Inside Empty Hospital

written by GEG | January 1, 2021

While the footage shows the hospital to be virtually empty, UK health authorities have continually asserted that the NHS is at risk of being “overwhelmed” as a result of rising COVID-19 infections. Almost all of the temporary hospitals that were built to handle overflow COVID patients were never used.

Dr. Fauci Appears to be Vaccinated on Live TV but then Forgot which Arm Received the Shot

written by GEG | January 1, 2021

Last week, Dr. Fauci claimed he took the Moderna Covid-19 vaccine. But the next day, on a news show, he pointed to his right shoulder and said that it was sore, but video shows that he got the vaccine in his left arm.

World Health Organization (WHO) Admits PCR Tests Create False Positives

written by GEG | January 1, 2021

The author says that the CDC is admitting the high rate of positive PCR test results is that, when the tests can be done properly, thereby decreasing the number of Covid 'cases', the lower case number can be attributed to successful vaccination of the masses, making the vaccine appear to be effective.

Two Minnesota State Lawmakers Learn that Covid-19 Deaths Are Inflated by 40%

written by GEG | January 1, 2021

For every patient treated at the high-impact hospitals with a Covid-19 diagnosis, they received between \$50,000 and \$76,975 payments. 395 hospitals received an average of \$25-million, a powerful financial incentive to fraudulently misdiagnose everything as Covid.

Dr. Birx Warned Americans Not to Travel For Thanksgiving, But She Traveled For Thanksgiving

written by GEG | January 1, 2021

White House coronavirus coordinator, Dr. Deborah Birx, traveled to meet family at her vacation home on Fenwick Island in Delaware during Thanksgiving after warning Americans to avoid doing the same.

Colorado: Grand County Coroner Reveals Cause-of-Death Officially Attributed to COVID Was Really Gunshot Wounds in 2 Cases

written by GEG | January 1, 2021

Grand County Coroner Brenda Bach said that two people who died in her county were killed by gunshot wounds, but the state recorded the deaths to COVID before she even finished the autopsies.

Moderna's FDA Report Lists 13 Deaths in Vaccine Trials But Company Says Deaths Not Related to Vaccine

written by GEG | January 1, 2021

Some of the vaccine trial volunteers were diagnosed with Covid-19 after the first dose, so they were not counted, because it would have reduced the claimed 94.5% efficacy rate. The drug companies need a high efficacy rate, because the survival rate without vaccine is higher than 99% for people under 70 years of age.

CDC Reveals Hospitals Counted Heart Attacks as COVID-19 Deaths

written by GEG | January 1, 2021

Out of 220,000 claimed Covid-19 deaths, 88,208 were patients who died from pneumonia and the flu, 17,798 died from chronic respiratory diseases, and over 51,000 patients died from heart attacks. Over 131,000 cases diagnosed as Covid-19 deaths already had life-threatening diseases.

Oregon Doctor's License Suspended Over His Refusal to Wear a Mask

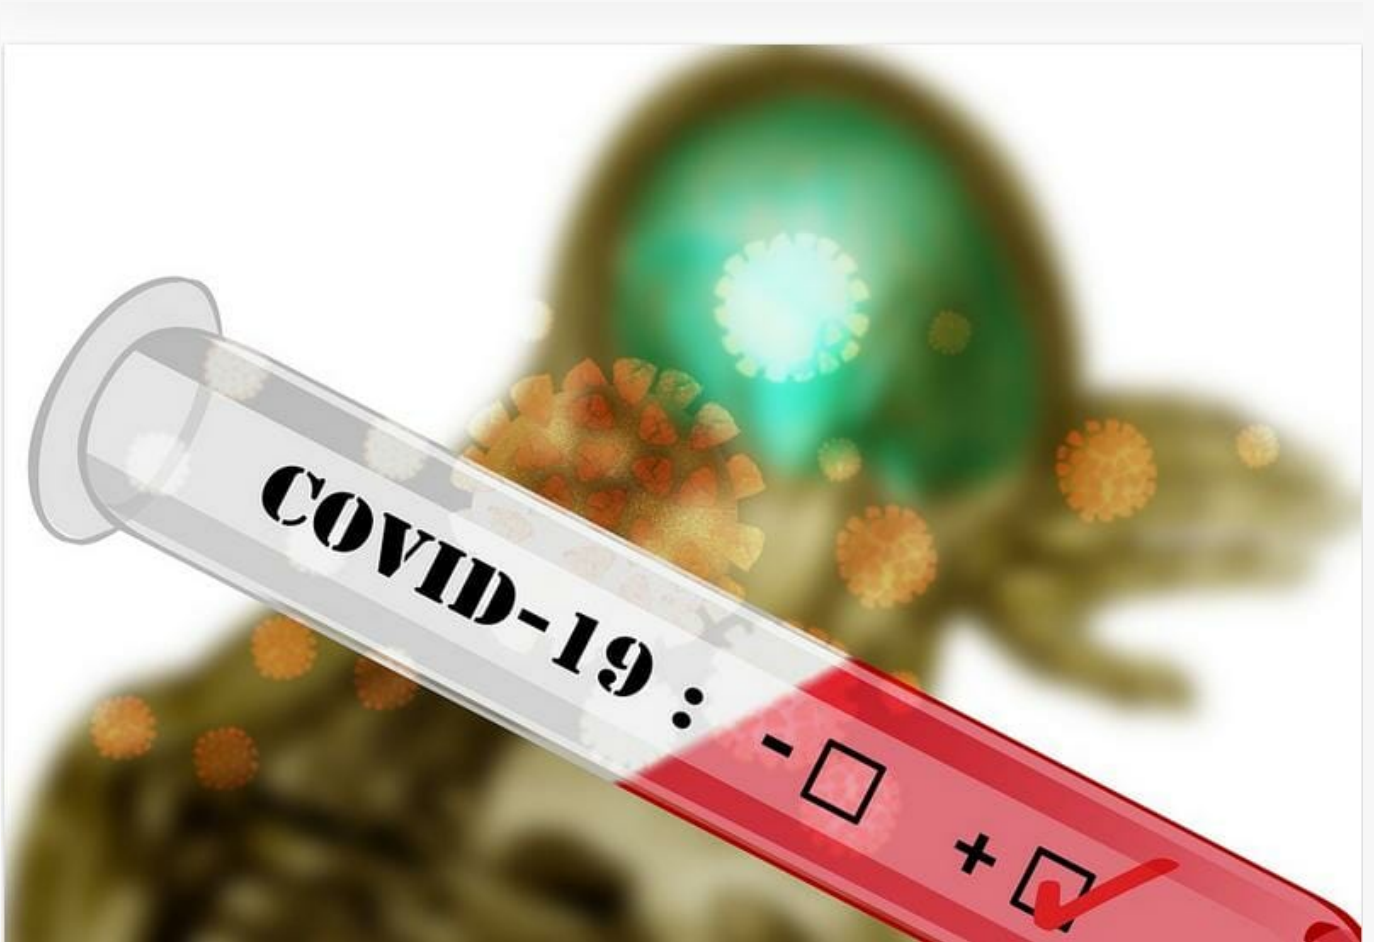

written by GEG | January 1, 2021

Dr. Steven LaTulippe, MD, had his license suspended because he refuses to wear a face mask. The Oregon Medical Board said that LaTulippe “engaged in unprofessional conduct or dishonorable conduct” after he allegedly advised a patient not be tested for Covid-19, and that wearing a mask does not prevent transmission.

Team of Experts Finds Flaws and Conflicts of Interest in PCR Test for Covid-19

written by GEG | January 1, 2021

Anyone diagnosed with Covid-19 using the PCR test should not be required to isolate. Recently, a court in Portugal ruled against a governmental health authority that had illegally confined four people to a hotel this summer.

COVID-19 Deaths Are Said to Be Off the Charts, But Total Deaths Remain the Same. That Is Not Possible.

written by GEG | January 1, 2021

Economist Genevieve Briand discovered that, while the number of deaths rose drastically for COVID-19, all other causes declined by about the same number. Briand believes that deaths due to heart diseases, respiratory diseases, influenza and pneumonia have been recategorized as deaths from COVID-19.
