

# The Genetic Conspiracy: DNA Tests Are Sold to Highest Bidder

written by GEG | November 8, 2023

You pay to have your DNA tested, and then 23andMe sells the mining rights of those data, and makes royalties on new drugs. 23andMe aims to enter health care and to expand the use of drugs by getting people on them earlier, before they even have symptoms, based solely on genetic risk factors.

## New Novovax COVID Vaccine Contains Insect and Baculovirus Proteins with DNA

written by GEG | November 8, 2023

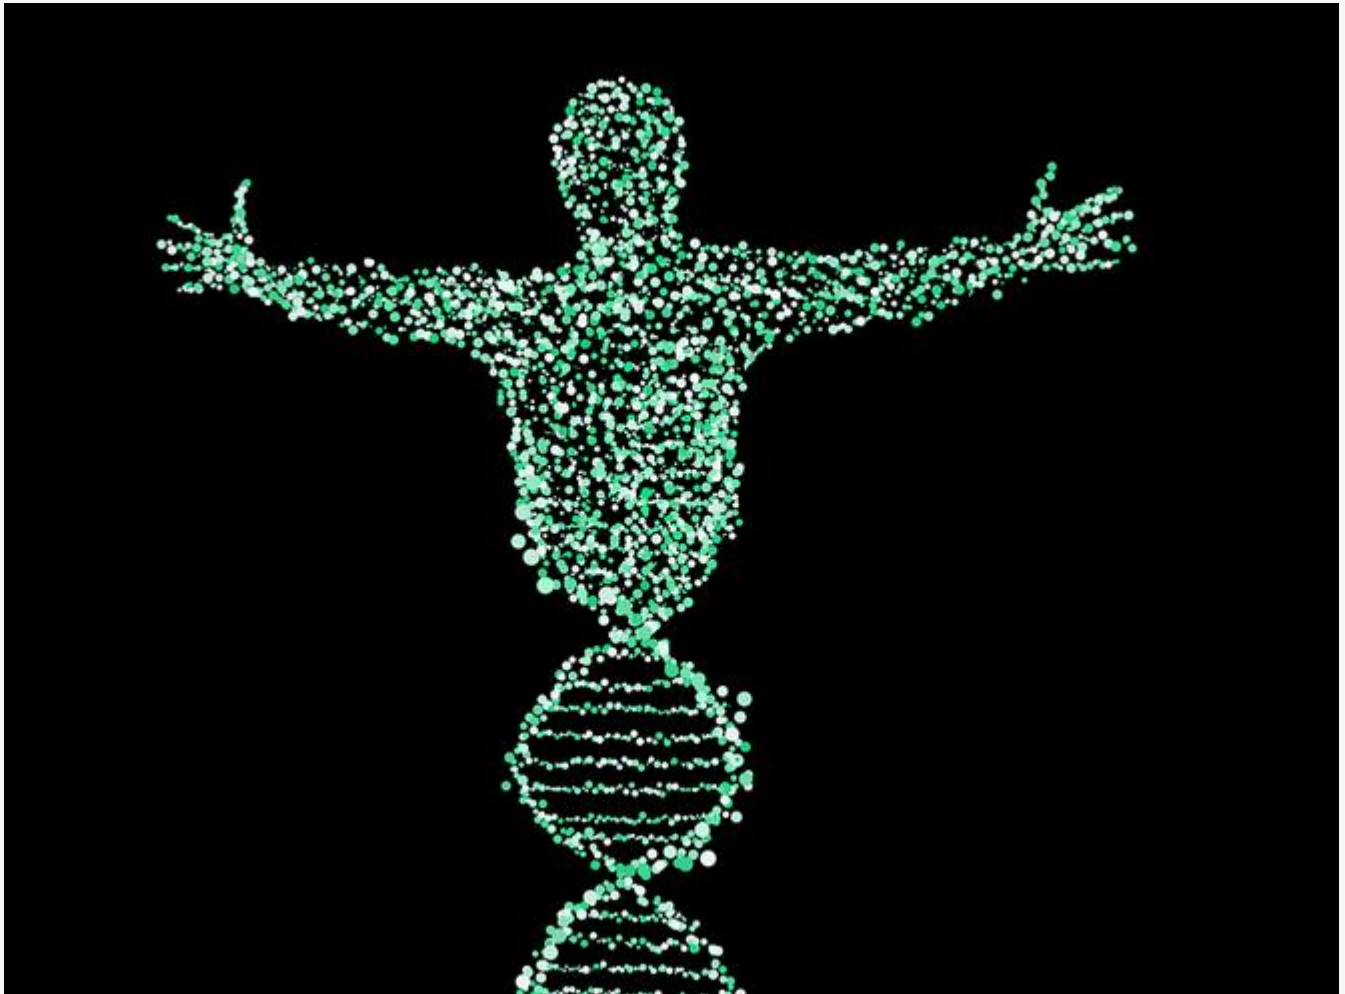

Novovaxi is being marketed to unvaccinated people as a 'more traditional vaccine'. However, the shot is made in India, contains the adjuvant Matrix-M made from the

Quillaja saponaria tree that has not been tested for safety, and a human cell line was used in the testing of the vaccine.

## Pfizer mRNA Vaccine Goes into Liver and Changes into DNA, Swedish Study Finds

written by GEG | November 8, 2023

A new Swedish study published in MDPI found that the Pfizer vaccine goes into liver cells and converts to DNA, challenging claims so far that the mRNA COVID-19 vaccines do not change or interact with your DNA in any way.

---

## Study: Pfizer COVID-19 Vaccine Converts to DNA Inside Human Liver Cells

written by GEG | November 8, 2023

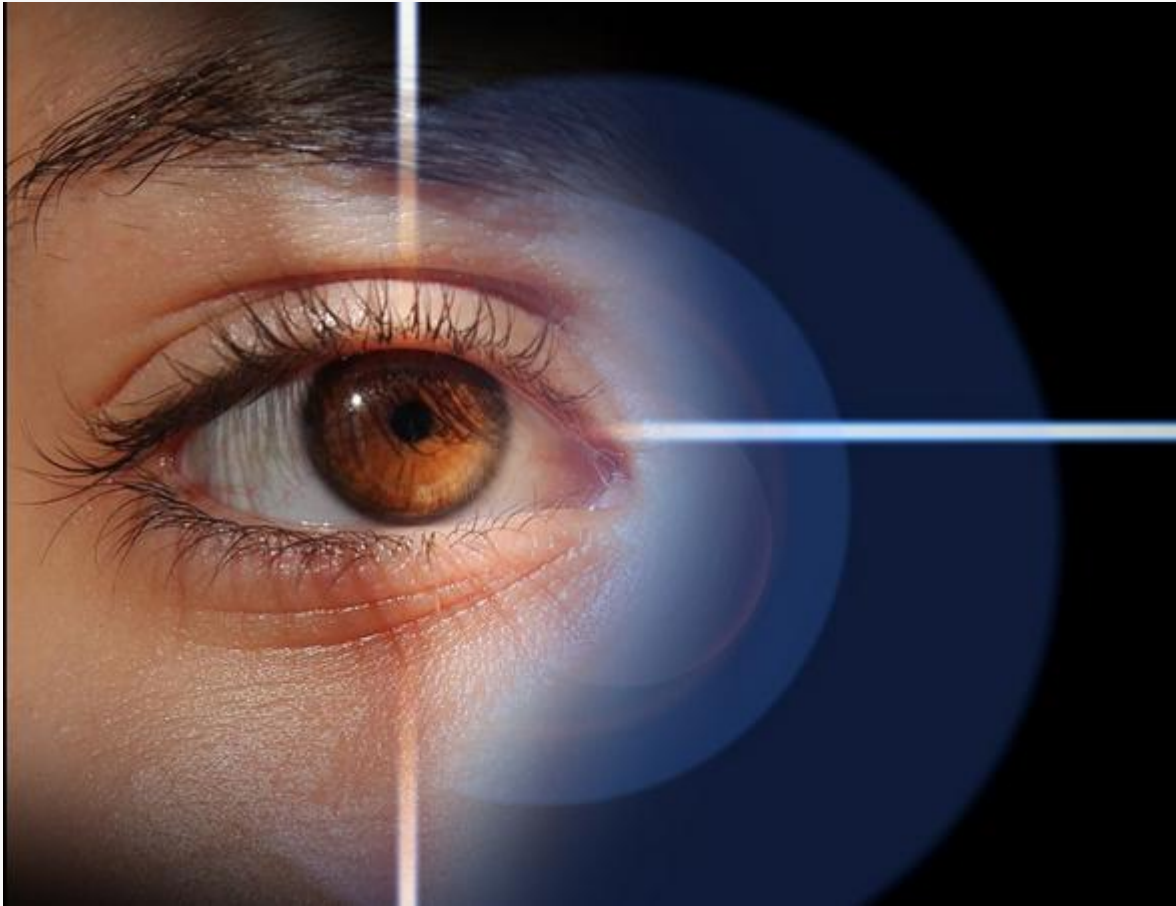

Researchers combined Pfizer's COVID vaccine with human liver cells and reported that the messenger RNA from Pfizer's COVID-19 vaccine can enter human liver cells and be converted into DNA. This is contrary to what the CDC's claim that, "COVID-19 vaccines do not change or interact with your DNA in any way."

## Uncle Sam Wants Your DNA: The FBI's Plan to Create a Nation of Suspects

written by GEG | November 8, 2023

Those who were suspects at the time of arrest but were innocent of any crime will forever be linked to criminal databases. By accessing DNA, the government will have data on everyone's ancestry, appearance, medical history, and inclination to accept authority.
