# Amazon Is Set to Control 50% of All E-Commerce in the US, as Sales Rose 30% from Last Year

written by GEG | September 10, 2019

The company is forecast to hit sales of \$258.2 billion by the end of 2018, a roughly 30% increase from the previous year. Many people, including President Trump, object to Amazon's advantages from tax loopholes, its special deal with the US Postal Service and hiring foreign workers instead of Americans to save money on labor.

# The Dark History Of The Rockefellers And Their Impact On Humanity

written by GEG | September 10, 2019

James Corbett's mini-documentary, How Big Oil Conquered The World, reviews the history

of JD Rockefeller and his family, including David Rockefeller. JD's credo was that "competition is a sin", and this documentary shows how the destruction of competition actually was accomplished – not just in the oil industry – but everywhere Rockefeller money was invested. That includes education, health care, banking, and even the food supply. The goal is to monopolize everything, including life itself.
