

# YouTube Bans all Content that Questions the Safety or Effectiveness of Vaccines

written by GEG | October 3, 2021

Despite evidence showing autism is linked to vaccines, Matt Halprin, the global head of trust and safety at YouTube, said, "The ban will include any media that claims vaccines are dangerous or lead to chronic health outcomes such as autism." Videos by Robert Kennedy Jr Dr. Joseph Mercola have been removed.

## President Trump Signs Executive Order Against Censorship By Big Tech

written by GEG | October 3, 2021

Trump's executive order can be reversed by his successor when he leaves office, therefore, Congress should pass a law against censorship. But it won't because politicians accept generous campaign contributions from big tech.

## YouTube Partners with Government to Censor Videos with Dissenting Views on COVID and Lockdown

written by GEG | October 3, 2021

YouTube, Vimeo, and other Big Tech companies are no longer operating as private business. They are working closely with government agencies to orchestrate a systematic censorship of videos that express views not approved by those agencies.

---

## YouTube Censorship Used to Defend the Powerful at the Expense of Those Who Are Marginalized

written by GEG | October 3, 2021

Intercept journalist Glenn Greenwald explained that journalists themselves are the major force behind censoring free speech because they have demanded that certain voices be removed from the internet.

## PayPal Bans BitChute, the Free Speech Competitor to Youtube, Illustrating How Tech Giants Keep Their Monopolies

written by GEG | October 3, 2021

PayPal banned pro-free speech video platform BitChute, a Youtube competitor, preventing it from receiving payments. The tech giants share the same politicized agenda and protect each other from competition. This is the hallmark of a cartel.

## Lawmakers Receiving Campaign Donations Are Silent on Google Censorship

written by GEG | October 3, 2021

The criteria for Youtube censorship includes “controversial religious or supremacist content”, and “controversial and inflammatory content”, which is totally subjective. Youtube makes the call, and they are biased and political. The Southern Poverty Law Center, an extremist group known for inciting hatred and division, acts as a trusted flagger of video content. Republicans defend Google against anti-trust issues because

Google funds campaigns, the media and NGOs.

## Female Bodybuilder and Vegan Opened Fire at Youtube HQ, Angry over Demonetization

written by GEG | October 3, 2021

Nasim Aghdam, 39, an Iranian-Turk, committed suicide after shooting one man and two women at YouTube's headquarters in California. She used a legally purchased and registered handgun. She was angry that Youtube had demonetized her videos and was lowering her view-count numbers. Aghdam's father and brother warned police that she hated YouTube and might go there to do harm – but the police did nothing about the warnings.

## YouTube Will Counter Alternative Media by Adding a Wikipedia Box to Videos that Are

# Deemed a “Conspiracy”

written by GEG | October 3, 2021

YouTube CEO Susan Wojcicki is planning to add a Wikipedia information box to every video that is focused around what YouTube considers to be a conspiracy theory. The goal is to counter the information with ‘reliable’ information. Jimmy Wales, the founder of Wikipedia, and his army of liberal colleagues, will determine what is truth and they will label anything that strays from the approved narrative as fake or a conspiracy theory.

## YouTube Vows to Purge Harmful Content Aimed at Children

written by GEG | October 3, 2021

Google-owned YouTube, which has been under fire for allowing kids programming to get out of control with violent and exploitative content, finally responded to public indignation and promises to implement filters to block violence and adult-themed material from videos targeting children and families – no date given for this move, however. YouTube did shut down the notorious Toy Freaks channel that had ten million subscribers. It features a father who played pranks on his daughters, which many people saw as the legitimization of abuse. There are many cartoon producers creating violent and sexually suggestive content aimed at children apparently for the sole purpose of traumatizing them and creating social attitudes that reject traditional values.

## Dennis Prager Suing Google and YouTube on Allegations of Censorship

written by GEG | October 3, 2021

PragerU claims it gets more than 30 million views a day on YouTube, making it so elemental to free speech that it should be treated as a public forum, and adhere to laws governing free speech, instead of its own discretion.

## NY Times Editor Brags about Colluding with Youtube to Push a Political Agenda

written by GEG | October 3, 2021

NY Times editor Nicholas Dudich said that Youtube's gatekeepers give preference to NY Times content.

---

## Youtube Increases Censorship After Las Vegas Conspiracy Video Goes Viral

written by GEG | October 3, 2021

This is yet one more step by the ruling elite to insure that nothing can challenge the narrative disseminated by mainstream media.
